

Garden Home Gardeners

Volunteers keeping the "garden" in Garden Home

To our local Garden Home neighbors:

Have you noticed the sunny daffodils blooming along SW Oleson Road in the spring? Garden Home Gardeners takes care of these flowers and other plantings in the 11 garden beds along the road. We're recognized as the Landscape Maintenance Adopt-A-Road group and have been active since 1996.

What we did in 2017

- Watered, planted, weeded and pruned regularly to brighten your travels along SW Oleson Road.
- Planted hundreds of daffodils near the Bauman Woods.
- Managed the spring and fall cleanup days with Washington County's help.
- Rejuvenated the plantings at SW 80th and Oleson.
- Planted red geraniums in the SW Oleson and Garden Home Road intersection gardens.

HOW YOU CAN HELP

VOLUNTEERS ARE NEEDED - Could you work in a joint effort with us on one of our cleanup days? Always a Saturday morning – one in the spring, one in the fall. If you have a large group of neighbors and/or friends, we can arrange a special day and time.

DONATIONS - Our budget is not large, but we do spend about \$2,500 every year in watering, irrigation repairs, new plants, and outside help when we need it. We appreciate any and all donations and you will be recognized on our bulletin board at the Garden Home Recreation Center and also on our website.

Here is the information for _____ Volunteering and/or _____ Donating:

Name/Group: _____ Contact Person: _____

Address: _____ Phone: (_____) _____ - _____

_____ Email: _____

WE THANK YOU!
